

UPGRADE to 1st Class

By DOG LATIN DOG TRAINING & BEHAVIOR CONSULTING™

Here's an analogy: Flying can be pure drudgery—or terrifying. But if you score a first class upgrade, an airline trip can instantly be made better. Like us, dogs learn by association. With a first class upgrade to extra special TOYS, FOOD and FUN GAMES, you may make day-to-day routines simpler and easier for them.

Moments in a dog's life that could benefit from a first class upgrade:

CRATES/PENS

NAIL TRIMMING, GROOMING

VET VISITS

STORMS, FIREWORKS

DELIVERY PEOPLE

HARNESS/EQUIPMENT

.... TRASH/RECYCLING TRUCKS,
HOUSEHOLD OBJECTS (vacuum cleaners),
WHEELS (bicycles, skateboards),
CAR RIDES, PUP PARENT DEPARTURES...

Offer good things IMMEDIATELY AFTER your dog experiences a trigger, whether that may be a nail clipper or delivery truck. Build pleasant associations in one-minute sessions. If you keep it short, positive, yummy and fun, your dog just may start volunteering desired behaviors.
